**Nation of Enemies** H.A. Raynes, 2015-08-18 A chilling suspenseful new thriller in the vein of Michael Crichton and James Rollins It s all about the genetics DNA Black white A decade ago the US government mandated that all citizens be issued biochips containing all of their medical information and an id number indicating a person s health Then they made the information public the implications of which were wide spread and devastating Now on the eve of the 2032 presidential election the country is deeply divided and on the brink of civil war But as the two major political parties face off innocent Americans are dying at the hands of masked terrorists When the Liberty Party s presidential nominee is assassinated in a highly coordinated masterful attack it sets off a chain of events that will change the course of history and leave America s inalienable rights life liberty and the pursuit of happiness dangling on the precipice of extinction [American Military History Volume 1](#) Army Center of Military History, 2016-06-05 American Military History provides the United States Army in particular its young officers NCOs and cadets with a comprehensive but brief account of its past The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses Since then it has gone through a number of updates and revisions but the primary intent has remained the same Support for military history education has always been a principal mission of the Center and this new edition of an invaluable history furthers that purpose The history of an active organization tends to expand rapidly as the organization grows larger and more complex The period since the Vietnam War at which point the most recent edition ended has been a significant one for the Army a busy period of expanding roles and missions and of fundamental organizational changes In particular the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional open ended chapters in the story of the U S Army in action This first volume covers the Army s history from its birth in 1775 to the eve of World War I By 1917 the United States was already a world power The Army had sent large expeditionary forces beyond the American hemisphere and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future But world war global war was still to come The second volume of this new edition will take up that story and extend it into the twenty first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009 **LIFE** ,1945-07-30 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *All the Devils Are Here* Bethany McLean, Joe Nocera, 2011-08-30 Hailed as the best business book of 2010 Huffington Post this New York Times bestseller about the 2008 financial crisis brings the devastation of the Great Recession to life As soon as the financial crisis erupted the finger pointing began Should the blame fall on Wall Street Main Street or Pennsylvania Avenue On greedy traders misguided regulators sleazy subprime companies cowardly legislators

or clueless home buyers According to Bethany McLean and Joe Nocera two of America's most acclaimed business journalists many devils helped bring hell to the economy All the Devils Are Here goes back several decades to weave the hidden history of the financial crisis in a way no previous book has done It explores the motivations of everyone from famous CEOs cabinet secretaries and politicians to anonymous lenders borrowers analysts and Wall Street traders It delves into the powerful American mythology of homeownership And it proves that the crisis ultimately wasn't about finance at all it was about human nature Just as McLean's The Smartest Guys in the Room was hailed as the best Enron book on a crowded shelf so will All the Devils Are Here be remembered for finally making sense of the financial meltdown and its consequences *China's Millions*

,1905 **Bold Angel** Kat Martin,2014-03-25 A beautiful repackaging and reissuing of Kat Martin's classical historical romance Bold Angel They were enemies in a divided land In Bold Angel by Kat Martin Saxon beauty Caryn of Ivesham longed to escape the chill gray cloisters of the convent to which she'd fled but not in marriage to the towering feared Raolfe de Gere the Norman knight they called Ral the Relentless Even though he had once saved her from a fate worse than death she could not forget he'd raised the grim battlements of Braxston Keep on her dead father's lands or that his men had dishonored her sister If she wed him to bring peace to her people he would have to lay siege to her bed Will their love conquer all or destroy them both The darkly handsome warlord's blood coursed with desire for Caryn's burnished crimson lips and his passion would not be denied But in the wild ecstasy they shared Ral feared more than his heart was in danger Could his rebellious bride be a traitor deadlier than the wolves and brigands prowling deep in English forests An excellent medieval romance Readers will not only love this novel but clamor for a sequel *Affaire de Coeur* **Robert E. Lee and Me** Ty

Seidule,2021-01-26 Ty Seidule scorches us with the truth and rivets us with his fierce sense of moral urgency Ron Chernow In a forceful but humane narrative former soldier and head of the West Point history department Ty Seidule's Robert E Lee and Me challenges the myths and lies of the Confederate legacy and explores why some of this country's oldest wounds have never healed Ty Seidule grew up revering Robert E Lee From his southern childhood to his service in the U S Army every part of his life reinforced the Lost Cause myth that Lee was the greatest man who ever lived and that the Confederates were underdogs who lost the Civil War with honor Now as a retired brigadier general and Professor Emeritus of History at West Point his view has radically changed From a soldier a scholar and a southerner Ty Seidule believes that American history demands a reckoning In a unique blend of history and reflection Seidule deconstructs the truth about the Confederacy that its undisputed primary goal was the subjugation and enslavement of Black Americans and directly challenges the idea of honoring those who labored to preserve that system and committed treason in their failed attempt to achieve it Through the arc of Seidule's own life as well as the culture that formed him he seeks a path to understanding why the facts of the Civil War have remained buried beneath layers of myth and even outright lies and how they embody a cultural gulf that separates millions of Americans to this day Part history lecture part meditation on the Civil War and its fallout and part memoir Robert

E Lee and Me challenges the deeply held legends and myths of the Confederacy and provides a surprising interpretation of essential truths that our country still has a difficult time articulating and accepting *Armed & Magical* Lisa Shearin, 2008-04-29 New from a definite star on the rise LINNEA SINCLAIR My name is Raine Benares Until last week I was a seeker a finder of things lost and people missing Now I m psychic roommates with the Saghred an ancient stone with cataclysmic powers Just me the stone and all the souls it s ingested over the centuries Crowded doesn t even begin to describe it All I want is my life back which means getting rid of the stone and the power it possesses To sort things out I head for the Isle of Mid home to the most prestigious sorcery school as well as the Conclave the governing body for all magic users It s also home to power grubbing mages who want me dead and goblins who see me as a thief As if that s not enough Mid s best student spellcasters are disappearing left and right and I m expected to find them Lives are at stake goblins are threatening to sue mages are getting greedier and the stone s power is getting stronger by the hour This could get ugly
